

"Environment and Sustainability: New Educational Needs in a Changing World"

From May 10th to 11th, 2023, the training course "Environment and Sustainability: New Educational Needs in a Changing World" will be held at FUNDATIA PENTRU EDUCATIE SI VOCATIE – SOS BUCURESTI-PLOIESTI NO 42-44, CORP A, FLOOR 4, DISTRICT 1, BUCHAREST.

The training course "Environment and Sustainability: New Educational Needs in a Changing World" is aimed at all management and teaching staff of all schools at every level and represents an opportunity for training and deepening on the environmental issue, which is becoming increasingly relevant in the world of education.

The course aims to address issues related to environmental protection and sustainability in its various aspects, promote the possibility of learning new methods, and develop new educational projects to raise awareness among students in today's schools. One of the objectives of the course is to strengthen the ability to identify links between environmental phenomena and good practices at the global level. The seminars will be conducted by expert teachers. The course includes frontal lectures as well as participatory training activities such as cooperative learning, laboratories, and workshops.

TARGET AUDIENCE: Teachers of national and international schools at all levels

DATE: MAY 10th and 11th, 2023.
